

Galicia de Pinturas, GALPI is committed to establishing a quality policy as a framework for the operation of its management and continuous improvement system. GALPI's main objective is to achieve full customer satisfaction by strictly complying with the legal requirements of our products and to offer innovative solutions for the application of paints, meeting the most demanding expectations of our consumer.

Our policy is based on the needs and expectations of our clients, as much as other interested parties, in order to achieve the strategic objectives of the organisation, providing as well professional and personal development of the entire team.

GALPI's Management is committed to:

- ✓ To promote innovation as a tool for improving the quality of our products by applying the best techniques available on the market.
- ✓ To achieve continuous improvement through the flexibility of the company, in order to correct deficiencies or weaknesses that may occur with celerity.
- ✓ Periodically evaluate our processes and the correct performance.
- ✓ To promote the continuous training of our staff based on the new technologies and techniques available on the market in full collaboration with our suppliers.
- ✓ To promote our commitment to our quality and compliance culture and the continuous self-improvement to our staff and suppliers to make them participants in the objectives of our organization and the desire and evolution towards excellence.
